Sales Planning Department

Early discontinuation notice

Thank you very much for your continued patronage for our products.

This letter is to inform you of our intention to shorten the period of supplying our spare products. We originally planned to source them during 7 years after their discontinuation Jun 2021, however, we had order volume beyond expectation. Therefore inventory of components has become very few.

We apologize for any inconvenience this announcement may cause and appreciate your understanding.

■Products to be discontinued

Series		Target		Replacement	
GTR-AR BLDC Gear Motor	AEF	Gear Motor	All Capacities	GTR-eco IPM Series Position Control Type	All Capacities
	APQ	Gear Motor	All Capacities	GTR-eco IPM Series Speed Control Type	All Capacities

※This time, only gear motor will be obsolete earlier. We will continue to supply drivers.

■Transition Period (Preliminary)

Around December 2023

※Please note that the end date may change depending on the orders condition.
